Keen Artist who has been commissioned for work

Representing Arts University Bournemouth Netball team

A member at Bournemouth University Poker Club

INTRODUCTION

Graphic Designer with a love of illustration. Believes the key to effective design is that it is underpinned with a good message. Embraces the design process, researches deeply and undertakes extensive ideation and experimentation. Strong illustration and scamping skills that enable to communicate ideas and concepts quickly before spending time to refine digitally.

Recently graduated with a First Class Honours in Graphic Design at the Arts University Bournemouth and currently looking for opportunities in the industry. Whilst at University completed two Graphic Design internships that have given experience into the design industry. Took part in an extracurricular collaborative project working with a BA Hons Make-Up student to photograph and design movie posters for a Final Major Project.

GRAPHIC DESIGN EXPERIENCE

Graphic Design Internship | Olivia Burton June 2019-July 2019

Work shadowing the Design Team at the Olivia Burton Head Office. This included creating illustrations for the company's branding and personalised gift cards. I would have to communicate between the Product Design team and Social Media team to ensure my designs were in keeping with new trends and aesthetics. This gave me an insight into working as a team with an inhouse creative department whilst working closely with the head Graphic Designer.

Graphic Design Internship | BlackBox June 2018-August2018

Designing the User Interface for Scott Rail, Greater Anglia and TFL train information displays for a private local business. This included developing the portrait and landscape displays of the train and bus time tables, and using Adobe Creative Cloud to design a catalogue showcasing the display modules. As the only in-house Graphic Designer, myself and the company director would arrange weekly meetings to ensure I was meeting deadlines and following the brief. As the company worked within information display it was necessary to stick to company and industry guidelines when designing the User Interface.

OTHER EXPERIENCE

Waitress/Bar Staff | Windlesham Golf Club July 2019-Present

Communicating with customers daily. Building a strong rapport with club members. Working effectively and efficiently under pressure as part of a team to ensure the smooth running of the clubhouse. Creating a friendly atmosphere for regular members to feel welcome and appreciated.

Betting Assistant | Ascot Bet July 2018-Present

Dealing with many customers in a busy environment. Having an understanding of the variety of betting options and betting restrictions. Having to work out quick money calculations for taking race bets and tracking outgoings without a calculator. Communicating with race visitors from all over the world and explaining our betting system whilst making sure customers had the best experience.

SKILLS
